Labour market report 2025 Q2

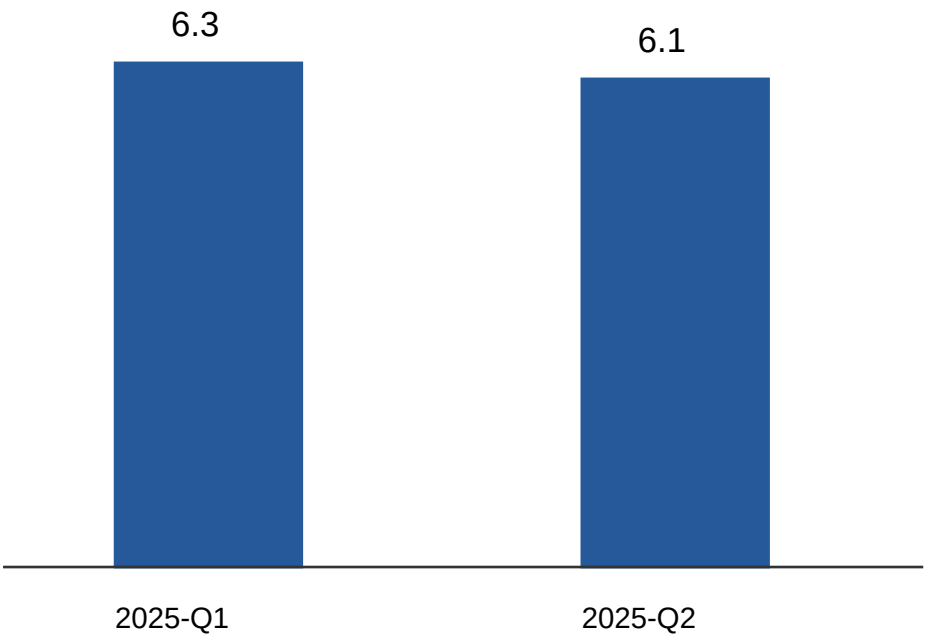
National Statistics Office (example)

Fictional teaching report - EX-REP-2025-02

These invented estimates belong to the shared cookbook case. The separate occupation-response examples do not produce these national indicators.

Figure 1. Unemployment rate

Percent of labour force



Source: fictional Labour Force Survey.

Note: 2025-Q2 is provisional.

Labour market report 2025 Q2

National Statistics Office (example)

Table 1. Unemployment rate

Percent of labour force

Period	Rate (%)
2025-Q1	6.3
2025-Q2	6.1

Source: fictional Labour Force Survey.

Note: 2025-Q2 is provisional.

Research context

We used the Labour Force Survey to describe employment. The Household Budget Survey 2021 provides a separate source on consumption. These sentences are fictional annotation inputs, not findings about actual surveys.
